PREFACE

State-Approved Schools of Nursing—RN 1991 provides a comprehensive list of all the 1,470 RN preparation programs in the United States. The NLN annually updates its data banks on nursing education by surveying the entire universe of nursing programs and attains a 100 percent response rate. This edition covers the period from August 1, 1989, through December 31, 1990.

Each entry in this directory contains the following information on all state-approved schools of registered nursing: type of program, address, telephone number, director, accreditation status, state board approval, financial support, administrative control—as well as admissions, enrollments, and graduations. Unless otherwise indicated, all schools listed in the first section must be state-approved.

Footnotes are included to help the reader understand some of the new options available to the contemporary nursing student as well as to clarify unusual features of some programs. A description of the footnotes appears on page xiii and it is suggested that you read them carefully.

The second section of the directory includes only those programs designed exclusively for RNs completing their baccalaureate degrees. Addresses, telephone numbers, directors, NLN accreditation status, enrollments, and graduations are also included for each school. Those baccalaureate programs that mainstream RNs into their regular degree program are included in the first section and are accompanied with footnote #10. Please note that enrollments and graduations for baccalaureate programs in the section on initial programs do not include RNs.

Programs that admit RNs only (popularly known as BRN programs) usually are not required by law to be state-approved, since these programs are restricted to students who have already been licensed by the state. Thus, programs need not be approved by state boards of nursing in order to be listed in the second section. Lacking mandatory state board approval, there has been no central source for identifying all such programs. Hence, listings in section two are thorough, but not necessarily exhaustive.

A few schools have requested that the statistical information provided in the annual survey not be listed in the directory. This request has been honored in the school listings.

This is one of several NLN research publications. Other modules include: *Nursing DataSource, Nurse Educators,* and *State-Approved Schools of Nursing—LPN/LVN.* An annual publication at the end of the year, entitled *Nursing Data Review,* will be based on these modules and will include additional information. We hope users will find this format helpful in facilitating access to our research findings.

KEY TO ABBREVIATIONS AND SYMBOLS

Type of program
AD — Associate degree
DE — Baccalaureate degree
DI — Diploma
MS — Master's (Generic)
ND/DN — Doctor of Nursing (Generic)

NLN accreditation as of January 30, 1991
A — Program accredited by the National League for Nursing

Administrative control
HSP — Hospital
COL — Senior college or university
CC — Junior or community college, or technical institute
IND — Independent

Financial support
PBL — Public
PVT — Private

Year of state approval
Indicates earliest year of approval by state board of nursing

All schools are fully approved unless otherwise indicated by footnote

Other
RN — Registered Nurse
CLG — Closing
NSG — Nursing

Publication withheld — Permission to publish data withheld by school.

FOOTNOTES

NOTE: These footnotes are intended to clarify or explain some special features of some programs. They are not meant to be definite descriptions. Contact the school if you have additional questions.

ALL PROGRAMS HAVE FULL STATE BOARD APPROVAL UNLESS OTHERWISE INDICATED WITH FOOTNOTE.

1. This program is open to LPNs.
2. This program offers a double exit option. Students in AD programs may exit early with LPN.
3. This program offers a double exit option. Students in baccalaureate programs may exit early with AD.
4. This program offers an ADN completion program.
5. First class yet to be admitted.
6. Initial State Board approval.
7. Provisional State Board approval.
8. Experimental State Board approval.
9. Advanced placement examinations are available to LPN/LVNs.
10. This baccalaureate program accepts RNs to complete their BSNs.
11. These special programs require baccalaureate degrees in other fields as a requirement for admission. They are nursing programs that prepare students for both RN licensure and advanced specialty practice.
12. Evening classes available.
